

Sanctuary Roof Update

The consistory is pleased to report that we received confirmation our sanctuary roof will be covered by insurance (Church Mutual) on June 19, 2020. The only out of pocket expense to the church will be the \$1000.00 deductible. All States Restoration is the contractor that was chosen to do the work. Supplies for the project have begun to show up at the church as work will begin next week, probably Wednesday. The shingles being used on the church are Tamko Heritage Shingles and the color chosen was Antique Slate. We thank you for your patience as we waited word from the insurance company. No vote will be required from the congregation due to the fact that the cost of the project is less than \$5000.00
